

Here from a 1981 book by Bilderberger Jacques Attali is an example of the Elite's mindset:

"The future will be about finding a way to reduce the population...Of course, we will not be able to execute people or build camps. We get rid of them by making them believe it is for their own good...We will find or cause something, a pandemic targeting certain people, a real economic crisis or not, a virus affecting the old or the elderly, it doesn't matter, the weak and the fearful will succumb to it. The stupid will believe in it and ask to be treated. We will have taken care of having planned the treatment, a treatment that will be the solution. The selection of idiots will therefore be done by itself: they will go to the slaughterhouse alone."
